Evans Scholars Program Overview

EVANS SCHOLARS FOR THE 2020-21 ACADEMIC YEAR

Olivia Oehrlein
Class of 2023
University of Wisconsin
Major: Biology/Pre-Medicine

"The Evans Scholarship has continued to provide me with strong role models and new friends with the freshman class this year.

Although UW-Madison campus life has been changed drastically this year due to COVID-19, my fellow Evans Scholars and I have found ways to continue making memories and enjoy our time in college. Among those included going to a local apple orchard, taking frequent walks up Bascom Hill, along the waterfront, and to the Monona Terrace, spending time at the socially distant Memorial Union, and trying out new restaurants around town. Even during a challenging and stressful time, I made great memories with my close friends – all thanks to the Evans Scholarship. I am so grateful for the opportunity I have received as an Evans Scholar, and it is my goal to continue to make all those who supported me along the way proud."

Owen Wischhoff
Class of 2024
University of Wisconsin
Major: Biology/Pre-Medicine

"The Evans Scholarship has allowed me to have experiences, opportunities, and education at the University of Wisconsin-Madison that I am truly grateful for. I wouldn't be able to have an amazing college experience without the great members of Nakoma Country Club and the Western Golf Association. Not a lot of people are a part of such a tight knit community which I'm very thankful for.

It amazes me how much I have learned in only my first year of college. It flew by faster than what I could've ever imagined. I'm glad I have three more years to take advantage of this wonderful gift, only made possible through you all.

I thank you all for your commitment to this program and faith in me. The Evans Scholarship truly is a life-changing experience and I am so blessed to be part of it."
